Gestalt Psychology and Web Design:
The Ultimate Guide

Azamat Yermagambetov

Senior UX/UI designer – Upwork

Kazakhstan

General information

Senior UX/UI designer. There's a status "Top Rated Freelancer".

I worked with WELL-KNOWN and RESPECTED CLIENTS in their areas, here are some of them:

1. Lee Cooper Brand : an English clothing company | <https://leecooper.com/>
2. Moonami : Industry-Leading Support for Moodle & Totara LMS | <https://moonami.com/>
3. Kore Software : a Global leader in sports management software | <https://koresoftware.com/>
4. IFA Paris - Fashion School of Design & Luxury Business | <https://ifaparis.com/>
5. Diagona AB: a company specializing in the inspection and measurement of any type of building construction. Sweden | <https://diagona.se/>

Now, I am developing MY OWN DESIGN SYSTEM

This greatly increases the speed of design and development. That means more time for important things: improving user experience for example.

Work experience
